

Fencing World

PTY. LTD.

Cast Pillars with decorative
Tudor style infills panels & gates

Fencing World has been established since 1989 and are now one of the biggest supplier of Tubular Fencing in S.A., boasting a product quality second to none. Our product range is extensive. Steel or aluminium tubular, cast panels & gates, steel, wood or aluminium pickets. Also weldmesh, colourbond, Slat screening, chainmesh and handrails form our product range.

Tubular fencing is manufactured with galvanised steel and silicone welded to minimise corrosion. The fencing then is powdercoated. Our Tubular fencing meets Australian Standards for Pool fencing. We have extensive colour range to choose from.

We manufacture to size so that the panels are uniform, less wastage and most importantly, appealing.

Fencing World will supply only or erect any of our full product range. Our Tubular fencing is designed to make installation simple for any home handyman. Fencing World have the flexibility to custom manufacture to suit your design. We also have gates to match all our fencing styles that can be manually operated or automated
